after playing this for an hour, i feel both disinterested and ripped off. Priced at 9.99 is a joke. this game is simple an boring. it shouldnt even be on early access. its a sandbox the size of a child sandbox. exploration is nothing but a 2 minute run in any direction. the ai is in its simplest form. water an food degrade way to fast. crafting is a pain without moving the pointer with the mouse to make it easy, must use a wheel. i donot recommend this game unless you want to keep a 4year old busy for a bit of time. in my opinion worse waste of money an time.. thank god i only played 44 mins of this crap dev should be taken out and shot with a reality gun what a waste of time for such an underpar crap game. They said that they were going to update, a year later, nothing. Its probablyan idea to see what company they next use and avoid.. A 100% asset flip of a Unity Template (Ultimate Survival by Winterbyte), with no credit given. Clearly, this "dev" doesn't know what a template is for. This junk needs to be taken off steam. Hopefully, Jim Sterling will rip this guy a new one.

<https://www.assetstore.unity3d.com/en/#!/content/80368>. THERE HAVE BEEN NO UDATE SENCE MAY 2017 I WOULD LIKE TO KNOW IF THE GAME IS GOING TO GO FOUTHER OR DID YOU GIVE UP ON IT. i do not recomend this game because the developer promised a update that woud fix the bugs and add a save system in a week and he did not do it in 3 weeks as for now its good to wait untill buying this game untill you see some disscussions about updates that are actualy added to the game as for now the game has max 2 h of gameplay what you can not save.

Steam key requests : Since the release of Woodlands, many people - including press, YouTubers, etc - have been sending us emails regarding keys, requesting for Steam keys in return for promoting. Our response: The best way to go about retrieving a copy of Woodlands is to purchase it on the Steam store page. Some exceptions will be made to youtubers, streamers, etc. this will depend on how big of a following you have. If you wish to buy a bulk/ bundle of keys for the game, you can send us an email and we can (depending on how many) perhaps give a discounted price on the keys. Hopefully people will understand that keys will not just be given out. We only feel the need to create this announcement as so many people request keys daily.. Woodlands UPDATE 0.2! : Hey survivors! Today we have taken a small step into the progression of Woodlands.. Woodlands! : Woodlands is now available on Steam! Please note: An update will be made later today with a larger updated map and less materials started off with. The first hours are just for you to test the current features in game. Woodlands is planned to change dramatically with your suggestions and new models by the time we move out of Early Access.
